The Nevada Union High School Theatrical Dance Program offers education in variety of genres and styles of dance to students and the community. The Dance Program continues to hold a record of excellence in Nevada County and has won numerous awards throughout the years for its outstanding accomplishments in Theatrical and Cultural Dance. Dance is a rather expensive activity to keep up, seeing as there are a number of field trips per year, constant need of costumes, dance shoes, and dance lessons required. Not every dancer has the economic strength to keep their passion afloat. Since a very small amount of the dance department's funds come from the school district, the continued success of the program and its students rests largely with the generous community.
